Medical

Medical logistics is a very specialist field. We are proud to be entrusted with the safe, reliable and timely delivery of complex equipment and medical devices to patients, medical units and theatres. **We combine process knowledge, strong relationships and specialised employee training** to help our customers and partners achieve their patient care goals.

We understand these deliveries are often sensitive in nature. Your medical requirements are treated with confidentiality, discretion and understanding; drawing on years of specialist medical logistics. Client satisfaction is at the forefront of our service and out-of-hours deliveries are always available on request.

Our fulfilment service delivers:

- **Specialist storage with FEFO management for peace of mind**
- **Full audit control**
- **Clear communication with patients or medical units**
- **Bespoke stock management for any-time stock movements**
- **Recording of batch or serial numbers for unique equipment identification by the MHRA**
- **Out-of-hours service**
- **Delivery direct to patients or anywhere within a medical unit**
- **Assembly of large medical equipment in theatre**

From exceptional customer care to dependable and dedicated service. When you need a medical logistics partner you can rely on, **SAE will deliver on every level.**

Providing you with all of
your **logistics requirements**
