About SAE

SAE Logistics have been **helping businesses for over 40 years** – delivering a service **renowned for reliability and exceptional levels of customer service** across a full range of services including:

- Same day, next day and hand-to-hand deliveries
- Haulage for full and part loads
- Overseas freight forwarding by air, road or sea
- Warehousing, commercial storage and pick 'n' pack services
- Full event and exhibition logistics management
- High value and time-critical medical equipment deliveries

Specialist Services include:

- **Event logistics** – storage, handling and distribution including set up and break down of equipment at venues of all sizes. Our service also includes sourcing of promotional items or staff should they be required. From shipping full size replica Batmobiles to hot air balloons - no event request is too large for SAE.
- **Medical Device Management** – the storage, handling and distribution of medical devices to end user consumers or hospitals, operating theatres and clinics throughout the world. When your service really matters, you can trust SAE to deliver.

- **Out Of Hours (OOH)** - SAE provide a complete 24/7 distribution service of urgent devices, product or equipment to any location in the UK and Europe

You will find us the ideal choice for your logistics requirements, as our premises are just outside Rickmansworth in Hertfordshire, conveniently near the M25, M1, M40, M4 and Heathrow.

At our operating centre in Hertfordshire on the outskirts of West London, we provide storage facilities for all types of goods ranging from individual carton, multiple pallets, exhibition equipment and specialist services including medical devices. Our dedicated warehouse is fully protected by the latest in security measures to provide you with complete peace of mind that your goods are safe and secure.

Using SAE's any-time online E-Warehouse and E-Transport stock management and movement system, orders are picked and packed to meet desired delivery timescales and shipped directly to addresses throughout the UK and Worldwide. At SAE we take our responsibilities very

seriously. Being fully ISO 9001 and ISO 14001 accredited means that you will have absolute assurance in SAE's ability to deliver high level services supported by a well-managed, audited structure. We recognise that our industry leaves a carbon footprint.

As a result it is our objective to ensure that, where possible, our activities do not have an adverse effect on the environment.

SAE Logistics are full members of the following trade associations who work closely with Government to create standards recognised worldwide within our industry:

- **RHA** – Road Haulage Association
- **UKWA** – UK Warehousing Association
- **BIFA** – British International Freight Association

Reliable transportation of your goods is essential to your business. We understand this need and our commitment is to delivering them **efficiently and safely** to businesses, or directly to consumers, throughout the **UK, Europe and Worldwide.**

The image features a person's hands holding a tablet computer. The tablet screen shows a perspective view of a long, well-lit warehouse aisle with high ceilings and rows of shelving units filled with cardboard boxes. Overlaid on the tablet screen is a large, white circular graphic. Inside this circle, the text "Our Services" is written in a bold, white, sans-serif font. Surrounding the circle are four green curved arrows, each pointing in a clockwise direction, creating a sense of a continuous cycle or process. The background of the entire image is a blurred view of the same warehouse environment, with blue structural beams and yellow safety markings visible.

Handling

Handling

You may think that handling is just a part of the logistics process. But when you entrust us with the products at the heart of your business, **we always go the extra mile to get it right!**

Investing in your business

Our team undergoes rigorous training to meet our high standards. Our ISO 9001 and 14001 accreditations are a testament to the bar we set for all of our services. We look after our staff so that they look after you! From the moment your goods arrive on our site, they will be unloaded and taken to our dedicated warehouse with the utmost care and professionalism.

Our handling commitment to you:

- **Licensed forklift operators certified by the RTITB**
- **We ensure your goods are properly handled with care and consideration**
- **We have stringent RH&D processes for checks and put-aways**
- **We check the condition of all products and packaging on arrival to keep you fully informed**
- **Careful checking of stock levels against pre-advice slips**
- **Recording of expiry dates and registering of unique serial numbers/batch numbers**
- **Handling of heavy, oversized or hazardous goods**
- **We always ensure goods are stored in our dedicated warehouse according to best practices**

On leaving the warehouse the same standards and appropriate packaging are applied, so you can be sure that your goods arrive at their destination in the condition they arrived.
